1. Selection into all singles tournaments is based on the most recently published combined National Standing List available, in descending order, with the highest ranked players 1, 2, 3 ... selected first, and not on a first-come, first-served basis.
2. Selection into all doubles tournaments is based on the most recently published Doubles National Standing List in descending order and not on a first-come, first-served basis. Tournament Directors will randomly match selected doubles players who do not identify a partner.
3. Selected players are randomly selected into the draw using Serve Tennis software. Tournament Directors may separate siblings from playing each other in the first round of a singles or doubles draw or from a round robin flight.
4. Ties will be broken as follows: For singles a player whose best event has the highest number of points, second best, third best, etc through eight events. For doubles, the total points of both players for each team are added together.
5. If the number of applications for entry exceeds the size limit of the draw, the following procedure will be used. Players are selected according to the most current standing list available. In all L7 divisions players must be selected using a bottom up approach whereby the unranked and lowest ranked players on the most current standing list available are selected first until the draw limit is reached.
6. USTA New England expects that all tournaments and events, once scheduled, will be held. An event consisting of 3 or less players will be played out in a Round Robin format.
7. At one day doubles only tournaments, when a team withdraws from the main draw, the tournament director will replace the withdrawn team in the consolation draw with a BYE. The withdrawn team will remain in the consolation if they are able to play (ex. they were defaulted late for the main draw or a player was temporarily ill but was able to play a consolation match a couple of hours later.) A team that gets a withdrawal win in the main draw and then loses will not go into the consolation draw. Tournament directors will be advised to attempt to give this team a second play opportunity for the practice but not as part of the consolation draw for points and scheduled as if it were a match for points.

#### **I. Inclement Weather**

1. In the event of inclement weather forecasts, tournaments do not get canceled, nor do they get rescheduled. In the event of actual inclement weather; each Tournament Director has the sole authority to exercise their discretion to continue their tournament based upon the ability of the facility being open to do so, and each player (parent), has the sole authority to exercise their own discretion as to whether or not it is safe for them to travel to their match. Any matches that are played and any player(s) that are on site and advance due to a withdrawal will be awarded points-per-round reached.
2. Heat Advisory Rule: In the event of high temperatures, each Tournament Director has the sole authority to exercise their discretion to continue their tournament based upon the ability of the facility. Tournament Directors also have the authority to extend allotted rest times or reschedule match times upon agreement of players.

#### **M. Officiating**

1. It is a USTA New England requirement to have a certified official onsite during match play at L4 singles events. A player must tell their opponents what they are doing when they leave the court to seek an official. The official does not have to stay on one court for the duration of that match.
2. At L5, L6 and L7 events, a player may request an umpire or Tournament Director if need has been demonstrated by a pattern of code violations by an opponent. A player must tell their opponents what they are doing when they leave the court to seek an official or if they leave the court to request a bathroom break. The umpire does not have to stay on that court for the duration of that match.
3. The Tournament Director must be prepared to provide an umpire over 18 years of age who knows the rules of tennis and conditions of tournament play for a match. An umpire should be unbiased; therefore, a parent or coach of one of the players in the contested match is not an appropriate umpire for the match. When a Tournament Director assigns someone to adjudicate a match each player continues to call his or her own lines, then if a questionable call has been made a player

may appeal to the assigned umpire, this umpire then gives his or her decision based on what he or she has seen. That decision is final.

#### N. Tournament Feedback

Players, persons who appear to be associated with a player (including, but not limited to, parents and coaches), officials, and organizers of any tournament are under a duty to encourage and maintain high standards of proper conduct, fair play, and good sportsmanship. They are under an obligation to avoid acts that may be considered detrimental to the game of tennis.
